EDUCATION

De La Salle University <i>B.S. Computer Science – Software Technology</i> – Relevant Coursework: Software Engineering, Web Development, Advanced Algorithms, Data Structures, Intelligent Systems, Programming Languages, Statistical Modeling, OOP, Discrete Structures	Manila, PH Sept 2023 – Present
Don Bosco Technical College <i>Elementary and Secondary Education – STEM</i>	Mandaluyong, PH Jun 2011 – Jun 2023

EXPERIENCE

Intermedia Assistant Editor <i>The LaSallian</i> – Produced and edited multimedia content in Premiere Pro, After Effects, and Adobe Podcast, achieving 50,000+ combined views across platforms. – Interviewed high-profile figures including Leila De Lima and Chel Diokno, generating Facebook videos with 30,000+ views. – Authored research-based scripts that shaped the narrative of video productions. – Streamlined workflow by coordinating tasks in Notion, ensuring timely publication under strict deadlines.	May 2025 – Present Manila, PH
--	----------------------------------

PROJECTS

Mobile Web Delivery Tracker <i>Popular Food Ventures Inc.</i> – Developed a responsive delivery tracking web app using the MERN stack (MongoDB, Express, React, Node.js), deployed via Vercel. – Led an 8-member Agile team as Scrum Master; facilitated sprint ceremonies, backlog refinement, and retrospectives to ensure smooth collaboration. – Took on QA responsibilities by writing and executing test cases, conducting integration testing, and debugging code to minimize deployment issues. – Designed user-friendly interfaces for Admin, Secretary, Salesmen, Drivers, and Customers, improving usability and accessibility. – Assisted in backend development by implementing REST APIs and ensuring clean, modular code structure.	May 2025 – Aug 2025 Manila, PH
ClutterHuck (UI/UX Project) <i>Figma, Canva, Miro</i> – Conducted user research with 160+ participants; analyzed results via thematic analysis in Miro. – Created interactive prototypes in Figma, refined through multiple usability testing cycles. – Presented to Filipino UI/UX professionals and received commendations for design clarity and accessibility.	May 2025 – Aug 2025
Correlating Movie Trends and Short-Form Content <i>Python, pandas, matplotlib, scipy</i> – Performed EDA on datasets from The Movie Database and YouTube Trending Videos to identify viewing trends. – Applied hypothesis testing and association rule mining to uncover relationships between release timing and genre popularity. – Visualized results in matplotlib for stakeholder-ready presentations.	May 2025 – Aug 2025

SKILLS

Programming Languages: Python, Java, C, C++, HTML/CSS/JavaScript (JS), SQL, R, Prolog, Verilog
Frameworks & Libraries: React, Node.js, Express, MongoDB, Bootstrap, pandas, NumPy, Matplotlib, scipy
Tools: VSCode, IntelliJ IDEA, GitHub, JIRA, Figma, Deepnote, Overleaf, Premiere Pro, After Effects
Methodologies: Agile Scrum, GitHub Flow, Test-Driven Development
Soft Skills: Writing, Journalism, Interviewing, Scriptwriting, Public Speaking, Multimedia Storytelling, Visual Design, Content Ideation, Problem-Solving, Team Leadership, Cross-Functional Coordination, Feedback Integration, Time Management, Task Prioritization, Workflow Optimization
